JULY 2005

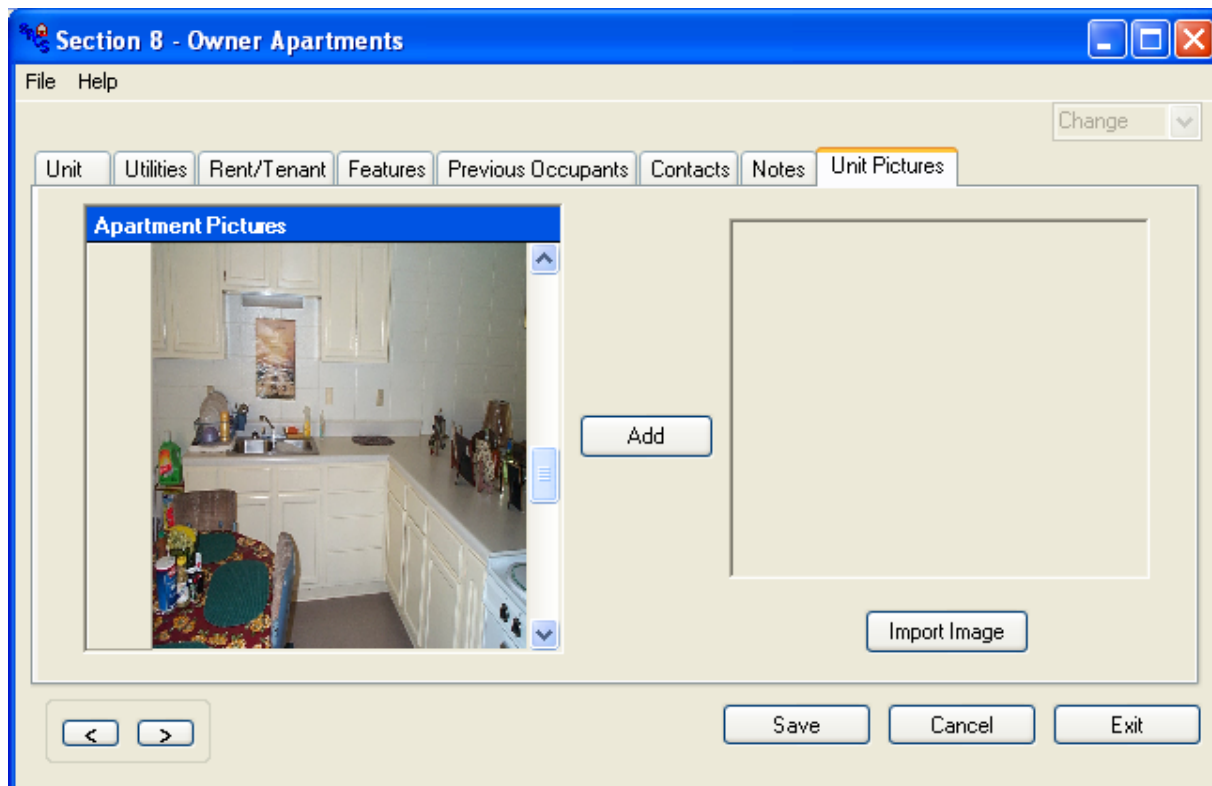

SUMMER UPDATE

SACS CLASSIC

The 5.6 Update for SACS Classic will be released in July. This update incorporates many of your change requests along with other enhancements. The update package will be mailed to your Authority in late July.

SACS.NET

Progress continues on SACS.NET. There are screen prints of two new features included so please take a moment to check them out.

The screen print above is of the Section 8 Owner Apartments. This particular screen shows the new feature, Unit Pictures. You can insert as many photographs as needed. This feature allows you to view the unit and the condition of each room with the click of your mouse.
