2005 SACS USER MEETING

The 2005 User Meeting is just days away! There has been such an enthusiastic response to the meeting this year, that an additional hotel was needed. So, whether you are staying at the Marriott or Staybridge Suites, the Convention Center is a short walk away. Below are a few images of the Convention Center. More information is available at the center's website:

THANK YOU!

2005 USER MEETING COMMITTEE MEMBERS

The 2005 Committee Members met in January to plan this year's User Meeting. This group is instrumental in determining the class schedule and content. We are very fortunate to have such a talented, experienced group to guide the agenda for the meeting. A big THANK YOU to the committee members.
